

LINKING SYSTEMIC RACISM AND POVERTY

The future of our society is shadowed by the increasing militarization of local police and border patrols, the automation of weaponry, and illegal monitoring of U.S. citizens.

THE REALITY

- Militarized Border
- 1033 Program that uses military weapons on non violent protests
- Islamophobia and racist propaganda
- Closed borders that do not acknowledge U.S. participation in cause of Migration (Central and South America, Syria, Iraq, Afghanistan, etc)
- Deportations, including veterans of U.S. Military

The truth is that instead of waging a War on Poverty, we have been waging a War on the Poor, at home and abroad, for the financial benefit of a few. It is morally indefensible to profit from perpetual war.

NO BORDER WALL • END THE 1033 PROGRAM • NO MUSLIM BAN • END DEPORTATIONS

The solutions to these issues are found in the vision of Rev. Dr. Martin Luther King, Jr., who called for a complete moral revolution of values in American society. Together, we can stop the root causes of poverty and provide a better life for people at home and abroad.
